Suzhou China Facility Receives ISO Certification.

Minneapolis, Minnesota – February 15, 2008 – Control Products, a trusted leader in electronic control technology is pleased to announce the ISO 2001 certification of our Suzhou China facility. With this certification, all Control Products facilities conform to ISO 2001 standards. The Suzhou facility has been manufacturing to ISO standards from its beginning over one year ago. Certification provides confirmation of manufacturing to documented standards. In addition to our Suzhou facility, Control Products has manufacturing locations in Chanhassen and Le Sueur Minnesota.

“Our customers will have peace-of-mind when ordering engineering design services and manufactured products from any of our facilities, because they will receive consistently high quality products and services”, according to Paul Carlson, Executive Vice President of Operations.

In order to maintain ISO 2001 certification, annual audits are required by certified third party auditors. These audits are supplemented by unannounced internal audits.

For more information about how Control Products can provide you with innovative products and services, call us at 1-800-947-9098.
